# INFORMATION REGARDING BILLS

Telephone bills are payable when received, and should be presented when payment is made.

Remittances made by mail should be addressed to the Business Office, and should be accompanied by the bill stub. If the stub has been mislaid, the telephone number should be noted on the check.

## Where Bills May Be Paid

Bills may be paid at the telephone office, 302 22d Street, and in person at the National Bank of Commerce (Virginia Beach Branch) if presented on or before the due date shown on the bill provided the bill does not include charges from previous months.

## Billing Dates

Telephone bills are dated the 11th each month and are mailed a few days later.

## Period Covered by Bills

Local service charges are billed for one month in advance of the billing date. Out-

of-town calls and telegrams are billed for one month prior to the billing date.

## Bills to New Subscribers

These will include charges from the date service begins up to the billing date and installation charges, as well as the advance monthly charges described above. Advance payments are applied to the bill; deposits are normally retained until disconnection of the service.

## Bills Following Changes in Service

The first bill will include an adjustment between the old monthly billing charge and the new, from the date of the change to the billing date.

# GENERAL INFORMATION

If you want your telephone moved, or a new one installed, notify the Business Office—12000—by telephone, mail, or in person. At least five days' notice will help prevent delays.

Inquiries about telephone facilities, directory listings or advertising, adjustment of accounts, or any other matter affecting your service, should be also made to the Business Office.

## The Telephone Directory

This directory is the property of the Company. To prevent mistakes, we ask that it be destroyed when a later one is issued. The Business Office will replace copies lost or mutilated.

Additional listings and advertising may be arranged for through the Business Office.

We make every effort to have listings absolutely correct. It will help us if you will check your own listings, and if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and meanwhile protect your service.

## Advertising Telephone Numbers

Those who anticipate large numbers of incoming calls, such as retail stores and professional people, find it advantageous to display their telephone numbers on advertising, stationery and other printed matter. This is wise, but we urge care in printing such quantities as will not involve a loss should a rearrangement of telephone facilities make

necessary a change in the telephone number at some future time.

## Telegrams by Telephone

If you wish to send a telegram, cablegram or radiogram, call the Postal Telegraph-Cable Company or the Western Union Telegraph Company. Charges will appear on your telephone bill.

You may also send telegrams from public telephones, depositing the charges in the coin box.

## Identification of Employees

Employees who are authorized to examine, exchange or remove any of this Company's apparatus carry a badge, showing a "Bell," the Company's name and a number.

## Attachments to Telephones

The Company does not sanction the use of special devices attached to its telephones, except those furnished by it. Unauthorized attachments, supposedly, an added convenience, may actually be detrimental to good service.

# THE SIMPLICITY OF OUT-OF-TOWN CALLS

Out-of-town calls are almost as easy to make as local calls and in most cases they go through while you hold the line.

Here are some suggestions to help you decide whether the lower-priced station-to-station call will serve your needs or whether a person-to-person call is necessary.

## Station-to-Station Calls

On such calls you agree to talk to anyone who answers or who may be called to the distant telephone.

This is the cheapest form of out-of-town call and, except to nearby points, the charges are lower at night and on Sunday as shown on page 5.

If you do not know the number, you can get it by asking "Information." Then say to your local operator, for instance, "I want Pittsburgh, Pennsylvania, Lehigh 9375."

If you have not obtained the number from "Information" or wish to make the call "collect," call "Long Distance." Then say, "I want anyone at Alfred Green's residence at 927 Park Avenue, New York." Be sure you do not specify any particular person with whom you wish to talk.

Charges do not begin until the called telephone answers. There is no charge if the call is not completed, except for a small report charge in the case of a "collect" call on which the called party will not accept the charges.

## Person-to-Person Calls

On such calls you wish to talk to a particular person.

The charges are higher than for station-to-station calls. Except to nearby points, the charges are reduced at night and on Sunday as shown on page 5.

To make a person-to-person call, call "Long Distance" and say, for instance, "I want Mr. James Grove at Pittsburgh, Pennsylvania, Lehigh 4400."

If you do not know the number, say, "I want Mr. James Grove, 965 East Avenue, Pittsburgh, Pennsylvania."

If the called telephone is reached but the person desired is not available, a small "report charge" is made to compensate the Company for the work done.

## Appointment or Messenger Calls

The Long Distance Operator will arrange an appointment in advance to be sure that the called party will be at the telephone when you call. A messenger will be sent to reach him, if necessary.

Charges are the same as for person-to-person calls, but an additional charge is made for the messenger service.

## Collect Calls

Charges for any out-of-town call will be put on the bill of the called party, if someone at the called telephone agrees to accept the charges.

Reversal of charges is permitted on all classes of toll service except calls to Mexico and overseas calls. No additional charge is made for this service, except that a somewhat higher rate applies on station-to-station calls where the rate is 20c or less. Rates may be obtained by calling "Long Distance."

## To Ascertain Charges

If you wish to be told the charge on any out-of-town call, ask the operator when you make the call. After you hang up the receiver, the operator will compute the charge and call you back.

# Rates from Virginia Beach to Selected Out-of-Town Points

All rates quoted are for 3-minute initial periods except for station-to-station calls of 25c or less for which a 5-minute initial period is allowed. Charges of 50c or more are subject to government tax. For rates to other places or to ships at sea call "Long Distance."

If you can give the telephone number of the distant subscriber on any class of call, your call will be handled more promptly. "Information" will give you the number if you don't have it.
